More than a guarantor

Why you need a guarantor.

When renting a property in the UK, your landlord or letting agency may require you to provide a UK rent guarantor.

If you don't have a UK guarantor, they will usually ask you to pay 6-12 months rent upfront. To avoid paying a large amount of money, use Housing Hand.

It's quick and easy to do.

Am I eligible?

Housing Hand is the first choice for students and working professionals who cannot provide a qualifying UK rent guarantor.

Whether you are from the UK or abroad, **Housing Hand** can be your guarantor.
